

Tri-County Board of Education negotiated agreement with Tri-County
Education Association for 2026-2028 school years.

Base Wage

1. No increase to Base wage.
2. Total teacher group salary increase of 2.65%. (no TSS Included).
3. No increase to coaching base or coaching salaries for 26-27
4. Base Wage to be negotiated each year.
5. No step and lane movement for 26-27.
6. In the future, if the state does not fund TSS allotments to meet the minimums for teacher pay and state minimums are removed, the district will revert to the 24-25 school year spreadsheet and account for percentage increases each year, that may include step and lane movement that would have occurred without the TSS increases. If only a portion of the TSS is not funded, then the district will calculate the difference to determine which result benefited the teachers' association the most.

Period of Agreement

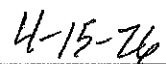

1. 2 year ending July 1, 2028.
